Lumière lovée

Francfort/Toulouse Lauréat du A'Design Award en 2012 avec L'Amiral, lampe en Inox et papier Wenzhou, Pierre Cabrera propose sa nouvelle création, Tulip. Un luminaire à spirales, beau comme un coquillage au clair de lune, réalisé en Hi-Macs® (LG Hausys), matériau haut de gamme. Atout : sa lumière transparente, gage de douceur. BO Winner of the A'Design Award in 2012 with his L'Amiral, Pierre Cabrera has released his latest design, Tulip. This spiral lamp, as beautiful as a shell in moonlight, is made out of Hi-Macs® (LG Hausys), a high-end material. It gives off a soft transparent light.
